Vic Grout is Professor of Computing Futures and Head of Computing at Glyndŵr University, Wales. He is also Associate Dean for Research in the Institute of Art, Science and Technology. He serves on the UK National Committee of the Council of Professors and Heads of Computing as the Chair of the Welsh CPHC. He has worked in senior positions in both academia and industry for over twenty-five years and has published over 260 research papers and four books into various aspects of computing technologies and their social impact.

Professor Grout is a Chartered Engineer, Electrical Engineer, Scientist, Mathematician and IT Professional, a Fellow of the Royal Society of Arts, Institute of Mathematics and its Applications, British Computer Society and Institution of Engineering and Technology and a Senior Member of the Institute of Electrical and Electronics Engineers. He initiated, then chaired, the biennial international conference series on Internet Technologies and Applications (ITA).
