Becky Strachan, Professor of Digital Technology and Education, Northumbria University

Becky Strachan is Professor of Digital Technology and Education and Head of the Digital Learning Lab at Northumbria University. Principal Fellow of the UK’s Higher Education Academy, she is a leading expert in the use of digital technology and education, and is part of the CPHC Learning Development Group.

With a keen interest in gender, diversity and STEM, she supports equality of opportunities for all and is a panel member for the UK’s national Athena Swan awards and Race Equality Charter. A Senior Fellow of IEEE, she is a member of the IEEE Women in Engineering (WIE) UK committee where she leads on school outreach. She is also the Faculty lead at Northumbria for NUSTEM, a major widening participation programme to engage more young people, particularly females in STEM (www.nustem.uk).
